

## PROFILE SUMMARY

I am an enthusiastic young man who is deeply passionate about the IT field. I am driven by a strong desire to learn and am always seeking new opportunities to expand my knowledge and skills in Full Stack Development. Whether working on my own or as part of a team, I bring a positive and proactive approach to everything I do. I have worked on multiple projects from web-development. A previous project for improving and redesigning resulted in an increase in my web development skills and performance improvement.
